It appears to be fair and reasonable in pricing compared to what we have spent on similar fencing, in recent projects. We have actually spent more for far less linear footage.

Good Morning:

Less than 8K is better than more than \$8K. ;) I see no problem considering the situation we are in and we do have the funding. Peter, do you have any input?

Thanks

Eric and Pete,
Let us know if you are ok with spending less than 8k on the fence at HTC.

Thanks

Importance: High

Martin,

Please send Frank and I a cost on the proposed fencing for HTC. We are attempting to get all this in place as our window for getting this in place is very short with our EPA client.

Thanks

Martin,

Please see the attached map that indicates the locations of the two areas to be fenced at Holy Trinity. If there are any questions, please let us know.

I look forward to receipt of the costs proposal, please make that submittal as quickly as possible to allow time for approval chains with the client and issuance of PO to get this accomplished.
Thanks again.
